Success for Sequence UK at The Negotiator Awards 2015

Sequence UK, the national network of estate agencies and part of the Connells Group, is proud to have won the silver award in the 'Residential Auction House' category at this year's The Negotiator Awards 2015.

The prestigious event, held at The London Hilton Hotel, Park Lane on 3rd November, recognises the achievements of all companies and providers that work within the property industry, from sales and lettings agencies to mortgage brokers and signage suppliers. Established in 2008, The Negotiator Awards is seen by some as the Oscars of the property industry, and this year saw the highest number of entries to date as well as some outstanding quality entries.

"We are thrilled to be awarded runner up in the 'Residential Auction House' category this year, particularly as it recognises companies that have demonstrated growth, innovation and outstanding customer service in our field," says Chris Glenn, Divisional Managing Director at Sequence UK Auctions. "The competition at The Negotiator Awards 2015 was extremely tough, so to win second place is a great accolade and we'd like to congratulate everybody that won an award this year.

"We are currently the largest residential auctioneer in the UK in terms of lots offered and sold, with a sales value already reaching nearly £250m – and two more auctions planned – for this year. Our success at The Negotiator Awards is the perfect way to round off an incredibly fruitful year, and we look forward to seeing everyone again next year for another great competition."

The Negotiator Awards 2015 was hosted by impressionist, comedian and actor Alistair McGowan who presented the awards in front of an audience of 730 people. The event followed the annual Negotiator Conference & Expo, where leading property professionals from all over the UK gather to demonstrate their services and network with others in the industry.
